Above is another craft to do with your children. (Found on Pinterest)

Place a piece of construction paper with blue and white paint into a clear quart bag and let children finger paint. Take the paper out of the bag when finished to dry.

## TALK

What season is it? Do you like rain? What do you do on rainy days? Why do we need rain? What kinds of animals like the rain?

## SING

“Umbrella Song” and “Pitter- patter song”

Found on [www.letsplaykidsmusic.com](http://www.letsplaykidsmusic.com)

Children will get to use a rain stick.

## WRITE

**Umbrellas in the Rain** (Idea found on Pinterest)

Children will use pipe cleaners and cupcake wrappers to make mini umbrellas. They then will glue them onto construction paper and draw raindrops with blue crayon.

\*Providers will be given coloring sheets and color by number sheets to go along with the rain theme\*

## PLAY

Puddle jumping: children will jump in hoops placed on the floor, pretending to jump in puddles.

Older children activity: Alphabet Raindrops

Children will place the correct letter raindrop cut out onto the page.
